

The Water JPI

Joint Programming Initiative
Water Challenges for a Changing World

INTERCODIA
18 March 2017
D. Darmendrail

Joint Programming

- Is a new way for tackling Current Grand Challenges with (at least) European dimension
 - An initiative of European and EEA Member States and the European Commission
 - in a structured way, through:
 - coordinating national / regional, public, research, development and innovation programmes in Europe
 - Developing Joint multilateral activities
 - **aligning** national research programmes in an effective manner,
 - making better use of Europe's limited public RDI funding
 - and extending links to various international initiatives.

A programming initiative, not a new tool

10 JPIs since 2008

Implementation principles

- **Variable geometry**
Water JPI partners only participate in activities of their specific interest
- **Flexibility**
This supports the development of activities responding to partners' needs and opportunities
- **Responsiveness**
The Water JPI provides an enabling environment: the water challenge is tackled through specific and tailored activities
- **Everything in Common**, except the Funding

Water JPI partners currently represent 88% of the European National Public RDI investment on water
